

rclcpp::Node

```
graph BT; DTN[dt_ros::DigitalTwinNode] --> RCLCPP[rclcpp::Node];
```

The diagram illustrates an inheritance relationship between two ROS 2 node classes. At the bottom, a gray rectangular box contains the text `dt_ros::DigitalTwinNode`. Above it, a white rectangular box with a black border contains the text `rclcpp::Node`. Two blue arrows originate from the top edge of the gray box and point upwards to the bottom edge of the white box, indicating that `dt_ros::DigitalTwinNode` inherits from `rclcpp::Node`.

dt\_ros::DigitalTwinNode
