

dt\_core/include/dt  
\_core/twin\_interface.hpp

```
graph TD; A[dt_core/include/dt_core/twin_interface.hpp] --> B[dt_core/types.hpp]; A --> C[vector]; A --> D[memory];
```

The diagram illustrates the dependencies of the header file `dt_core/include/dt_core/twin_interface.hpp`. It is represented as a central box at the top, with three blue arrows pointing downwards to three separate boxes below it. These boxes represent the files that the header file depends on: `dt_core/types.hpp`, `vector`, and `memory`.
