

install/dt_core/include
/dt_core/twin_interface.hpp

```
graph TD; A["install/dt_core/include  
/dt_core/twin_interface.hpp"] --> B["dt_core/types.hpp"]; A --> C["vector"]; A --> D["memory"];
```

The diagram illustrates a header file, `install/dt_core/include/dt_core/twin_interface.hpp`, which includes three other files: `dt_core/types.hpp`, `vector`, and `memory`. Three blue arrows point from the top box to the three bottom boxes, indicating the inclusion relationship.

dt_core/types.hpp
